

What do I use for food scrap bins?

- ◆ Use any container labeled with a compost sticker.
- ◆ Green bins are preferable for color coding.
- ◆ Slim Jims are popular for tight kitchen spaces.
- ◆ Compost bins should be paired with or hooked to a small trash can so that staff can easily capture contamination.

Where can I purchase food scrap bins?

- ◆ Green slim jims can be purchased from companies such as [Recycle Away](#) and [ULINE](#) for about \$40 per Slim Jim.

Special event infrastructure

- 32-gallon Green Barrels work well for special events back of house. Can be purchased via Busch Systems, Recycle Away, Rubbermaid and more. Remember: Blue is best for recycling and gray or black for trash.

Special event infrastructure

- Biobags may be purchased from BioBags or BioTuf.

Special event infrastructure

- Corrugated plastic boxes work well for outdoor special events but must be staked to the ground. Recycle Away produces these boxes for about \$25 a piece.
